

Just Help One

Summary

Michael's Way helped **177** students further their education to obtain a job or a better paying job. **Many students have been able to fulfill a dream — or begin one.**

The Need Is Great and Growing!

With today's high rates of unemployment in our community, the need for our services is great and this need is growing daily. Our funding has allowed our students to receive technical training that helps them break out of poverty. With Greenville Tech's Quick Job Program (90 days or less), students can be trained rapidly in order to be "work-ready" for our community's workforce. Since no state or federal funding is available for Quick Jobs courses, Michael's Way is unique in offering funding for this program which improves the health of our community.

Michael's Way has found an innovative way to move people out of poverty and into financial stability. Continuing education provides the opportunity to make that dream a reality. Our students have taken the first step when they come to us. Today, we don't find them—they find us!

How You Can Help?

Join our **Just Help One** Campaign and sponsor one or more students. Courses range from \$475 to \$2,000. An average cost per student is \$1,000. If we all **Just Help One**, we offer a bright future for those looking for a better life and a way out of poverty. What greater way to participate in your church's outreach and mission component?

Sponsor a person in need and allow us to keep you informed of his/her progress. These are real folks with real needs. Help give them the chance they deserve! Wouldn't it be a wonderful world if we could wipe out poverty - - if everyone had the opportunity to find a better way to provide for themselves and their families?

**Your Sponsorship Will
"Make A Difference"
in a Life and A Family.**
